SIR

In continuation of this Office letter No A1-88-42 dated 25-11-1942, forwarding the Administration Report of this Municipality for the year 1941-42, I have the honour to forward herewith, for favour of orders of the Government, a copy of the resolution passed by the Council, on the - report at their Meeting held on 29-4-1943

I have the honour to be,

Sir,

Your most obedient servant,

Forwarded with compliments

V K Govindarajulu

P Suryanarayana Setti

MUNICIPAL COMMISSIONER

PROCEEDINGS OF THE MEETING OF THE COUNCIL DATED 29-4-43

6 Administration Report of the Bangalore City Municipality for the year 1941-42

Resolution - The President informed the House that the City Improvement Committee had inspected the place and suggested three measures to improve the tank on the lines given by the Director of Public Health that two or three channels should be formed to divert the flow of water, to collect it in one place and pump out the same to the waste weir and the other suggestion is to close the tank

Mr P R Ramiah, opposed closing of the tank, said that it may be improved as it was of great help to the people of the locality

He next suggested that street lights should be provided in Sri Narasimharaja Colony and the Bugle Road area to be improved He next brought to the notice of the House the increase in monkey nuisance and wanted immediate measures to be undertaken to put down the nuisance So also mosquito nuisance It was better if the Paramangala area was improved so that the breeding of the mosquitoes there might be put an end to

Mr V Venkataswamy Chetty spoke about connecting the Gundopanth Street with Sadar Patrappa Road and wanted immediate action to be taken in this behalf He urged upon the improvement of the Old City and said that the improvements for the extensions might be held up till the old City was improved He next spoke about the nuisance in the Jutaka Stand in Nagarthpet and wanted the stand to be shifted elsewhere

Mr T L Gangoji spoke about the bad conditions of roads in II Division and wanted them to be improved Lung spaces and open placed should be provided all over the City He stressed on the joint inspection of the localities by the President and Councillors, with the Executives

Mr Ramalal Tiwari said that a light may be installed at Purudevara Mutt locality near Binny Mills The drain near the

Timber yard should be either closed down or improved to remove mosquito nuisance One Urinal may be installed in Old Patnoolpet

Mr T Gangadharaswamy wanted a bathing ghat to be constructed in IV Division and wanted the Swimming Pool to be improved He wanted some measures to be undertaken to control the prices of fuel and charcoal

Mr R Subbanna observed that it was not proper to neglect the Old City without improvements He wanted bathing ghats in all the divisions and a urinal near Select Talkies The lanes in all the divisions of the Old City were ill kept on account of paucity of hands More number of sweepers and scavengers should be employed Damages should be received from the Military authorities for the use of the roads

The President observed that the Administration Report as prepared was only the report of the work of the Executive and nothing about the Council The Council should also have its own say in the Report and so, some reservation should be made for the purpose The Council was an important body and had its own privileges and powers and so was entitled to have a report about its working He dwelt upon the point of joint inspection by the Council and the Executive and congratulated the Minister in charge of Local Self Government for his broad out-look in passing the order regarding the same He said that it was a healthy precedent in the Council and should be mentioned in the Report

The outstanding event of the year was the presentation of an Address to His Highness the Maharaja of Mysore and it was but right that they should offer their loyal and dutiful thanks to His Highness, for having accepted the Address The starting of Civic Propaganda work was another outstanding event of the year As regards layouts, many had to be thrown out on account of want of funds and they might take a loan from Government and take up the layouts soon

He next informed the House about the construction of tenemental houses in Madras for being let out at 2/- to the labourers and

labourers and suggested that they may also try the same in Bangalore City

Then the Administration Report was adopted
